

Code: TO-LC/5DB

## ATTENUATOR TO-LC/5DB

Net: 21.42 PLN Gross: 21.42 PLN

Optical attenuator with attenuation of 5dB, LC socket to LC plug (female-to-male).

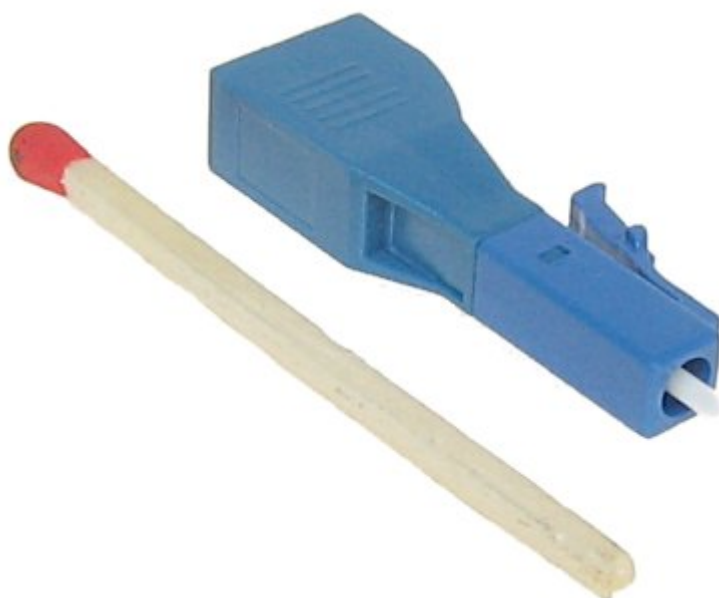

Attenuator can be used in front of a receiver to diminish optical power, so that it is within receiver's dynamic range.

### SPECIFICATION

|                 |                                                                                                              |
|-----------------|--------------------------------------------------------------------------------------------------------------|
| Connector type: | LC Plug / Socket                                                                                             |
| Attenuation:    | 5 dB                                                                                                         |
| Main features:  | can work with both single-mode and multi-mode networks, in every transmission window (850nm, 1310nm, 1550nm) |
| Housing:        | Plastic                                                                                                      |
| Guarantee:      | 2 years                                                                                                      |
