

Code: MC-711N

## TV OR MONITOR MOUNT **MC-711N** MACLEAN

Net: **14.62 EUR** Gross: **14.62 EUR**

The MC-711N mount is intended for hanging a TV or LCD / OLED monitor on the wall.

It allows to easy adjustment of tilt in the range of  $-15 \dots 10^\circ$  and to rotate the panel horizontally by the articulated arm with 3 swivels of  $180^\circ$  per each. It is possible to rotate the plane of the screen  $\pm 3^\circ$ .

The bracket is adapted for mounting curved screens.

### SPECIFICATION

|                                      |                                                                   |
|--------------------------------------|-------------------------------------------------------------------|
| Mounting standard:                   | VESA : 75, 100, 200x100, 200, 300x200, 300, 400x200, 400x300, 400 |
| Screen size range:                   | 26 " ... 55 "                                                     |
| Bearing capacity:                    | 30 kg                                                             |
| Distance from mounting surface:      | 63 ... 415 mm                                                     |
| Color:                               | Black                                                             |
| Tilt adjustment:                     | $-15^\circ \dots 10^\circ$                                        |
| Horizontal rotation:                 | $-90^\circ \dots 90^\circ$                                        |
| Rotation in the plane of the screen: | $\pm 3^\circ$                                                     |
| Dimensions:                          | 455 x 420 x (63 ... 415) mm                                       |
| Weight:                              | 2.93 kg                                                           |
| Manufacturer / Brand:                | MACLEAN                                                           |
| Guarantee:                           | 2 years                                                           |
