

Code: SCOTCH-1605/400

DRYING SPRAY **SCOTCH-1605/400** 3M

Net: 10.55 EUR Gross: 12.98 EUR

The SCOTCH-1605/400 preparation is used to remove moisture and defrost. Thanks to the low surface tension and above-average penetrating properties, this agent allows you to get rid of moisture from hard-to-reach places. In addition, the product adheres to the dried elements, creating a thin layer that protects against moisture and corrosion.

The preparation is completely neutral to paints, plastics, rubber and fabrics.
