UNIPHONE U1011-2 VIDOS

Net: 41.38 EUR Gross: 50.90 EUR

The U1011-2 hands-free uniphone is designed to work with a two-wire digital VIDOS DUO system. The device is dedicated to single-family and multi-subscribers systems.

The uniphone can be used as an independent communication point or as an element of the expansion of the video doorphone system in one apartment where the monitors are connected. The intercom function allows internal communication between devices in one apartment. All monitors and uniphones are compatible with each other and can be freely combined in the system.
