## POWER GENERATOR **DY-10020A-PRO** 10 kW SENCi Dynamo

Net: 2 584.38 EUR Gross: 2 584.38 EUR

A power generator equipped with a starter is ideal as a power source in the event of a power outage in the network or as a substitute power source in a company, on a construction site, at home or in a workshop. The genset engine's rubber stabilizers and engine mounts dampen vibrations and minimize noise.

**Attention!** The device is not designed for continuous 24/7 operation. In case of long operation, the power generator should not be loaded with more than 75% of the nominal power.
