SPLITTER R-14R

Net: 15.02 EUR Gross: 18.47 EUR

Active splitter with amplification adjustment.

If antenna is without an amplifier, the device detects it automatically and does not pass the voltage to it.

The device is perfect to installations, where length of the antenna cable from the splitter to the TV set is from several to several dozen meters (maximum 50m). Protection enclosure included in the kit enables outdoor installation, directly to the antenna mast.
