WORK GLOVES WG-422/M Bee-Smart WONDER GRIP

Net: 5.62 EUR Gross: 5.62 EUR

The WG-422/M work gloves are the best gloves for general handling work, setting a new standard for comfort at work.

The Wonder Grip® WG-422/M Bee-Smart™ protective gloves are made on the basis of a new knitting technique from the Bee™ series, inspired by the shape of a honeycomb and developed a new generation of latex, HDML™ coating. The upper part of the gloves is made of an ultra lightweight liner offering both high resistance to torsion and unmatched breathability. Bee™-series knitting technique creates a unique shape on the palm maximizing the coefficient of friction delivered by the coating itself. The low part of the glove benefits from the DuaLiner™ technology and its special support on the back of hand ensuring a snug and secure fit. All of this provides high grip for safe handling in dry and wet applications.

SPECIFICATION

Application:	Construction and public works, Warehousing - packing and logistics, DIY, Assembly
Color:	Black + Blue
Material:	Polyester + latex coating (palm coated)
Main features:	Thermal protection: 100 °C (X1XXXX), Ergonomics and comfort High grip Soft coating
Supported norms:	• EN 388:2016 - Mechanical protection 3131X • EN 407:2004 - Thermal protection X1XXXX
Size:	8 / M
Manufacturer / Brand:	WONDER GRIP

PACKAGE

	Dimensions (L x W x H): 0x0x0 mm	Gross Weight: 0 kg
