

Code: AF12-3751

## SWITCHING ADAPTER **AF12-3751** MW POWER

Net: **11.21 EUR** Gross: **11.21 EUR**

Hermetic power supply in a plastic housing, designed in particular for powering LED / IR LED illuminators.

Attention! If the power adaptor is using for continuous work (24H) the rated current of the adaptor should be less than 80% of the maximal current.

Please pay attention for proper cooling conditions of the power adaptor during work!

### SPECIFICATION

|                        |                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Adapter type:          | Switching                                                                                                                      |
| Power voltage:         | 100 ... 240 V AC                                                                                                               |
| Frequency range:       | 50 / 60 Hz                                                                                                                     |
| Output voltage:        | 12 V DC                                                                                                                        |
| Maximal load:          | 3.75 A                                                                                                                         |
| Output power:          | 45 W                                                                                                                           |
| Efficiency:            | 80 %                                                                                                                           |
| Number of outputs:     | 1 pcs                                                                                                                          |
| Protections:           | <ul style="list-style-type: none"><li>• Overload</li><li>• Short-circuit</li><li>• Overvoltage</li><li>• Temperature</li></ul> |
| Housing type:          | Metal                                                                                                                          |
| Operation temp:        | -20 °C ... 50 °C                                                                                                               |
| "Index of Protection": | IP67                                                                                                                           |
| Main features:         | Box casing designed to wall mounting                                                                                           |
| Weight:                | 0.415 kg                                                                                                                       |
| Dimensions:            | 250 x 40 x 23 mm                                                                                                               |
| Manufacturer / Brand:  | MW POWER                                                                                                                       |
| Guarantee:             | 2 years                                                                                                                        |
