## POWER ADAPTER TO TERRA MULTISWITCHES SA-125A

Net: 17.72 EUR Gross: 17.72 EUR

Power adapter designed to TERRA multiswitches, equipped with F connector.

### SPECIFICATION

|                      |                                                              |
|----------------------|--------------------------------------------------------------|
| Output voltage:      | DC 18 V                                                      |
| Outputs:             | F plug, "+" power signal is connected to the cable conductor |
| Maximal load:        | 2 A                                                          |
| Output power:        | 36 W                                                         |
| Input voltage:       | 100 ... 240 V / 50 ... 60 Hz                                 |
| Length of the cable: | 2 m                                                          |
| Guarantee:           | 2 years                                                      |
