## STABILIZER 48V/12V **POE-802.3AF/C**

Net: **8.28 EUR** Gross: **10.18 EUR**

The POE-802.3AF/C allows to supply the devices with DC 12V.

Attention! If the power adaptor is using for continuous work (24H) the rated current of the adaptor should be less than 80% of the maximal current. Please pay attention for proper cooling conditions of the power adaptor during work!

At load 1.2 A, the power supply circuit protection is activated. Lowering the current to 0.8 A restores normal operation.
