

Code: TRF-1

WIRELESS REMOTE CONTROL EXTENSION **TRF-1**

Net: **29.31 EUR** Gross: **29.31 EUR**

Wireless remote controller extension by Maximum. The device consists of miniature transmitter, that put in place the batteries in the remote controller device you want to control and receiver. The receiver is also a charger and you can put in it one of two included batteries, and the other one is a power source for transmitter.

This solution allows to control the electronic equipment through the doors, walls and ceilings. You don't need to see the device you want to control, nor target to it. Extension allows to operate the electronic devices everywhere in the house.
