## VEHICLE CAMERA **XB-TRUCK** - 1440p QHD Xblitz

Advanced Car Camera XB-TRUCK is the fully professional car recorder designed for use in delivery vans and trucks. Thanks to its quality and durability, the recorder meets the needs of professional delivery drivers. With this recording you can greatly facilitate any investigation of guilt for various traffic incidents, as well as registered attempts to break or damage the vehicle in the parking lot.

In addition to the front video recorder with clear display, the set has a rear view camera with built-in LED illuminator, which is irreplaceable when manoeuvring a long vehicle with a semi-trailer.

The car recorder set includes a wide range of assembly equipment. Installation of the unit is very simple, and the positioning of the camera does not cause any problems. Currently recording section is protected against overwriting when it detects impact or hard braking by G-Sensor, or using the corresponding button.
