

Code: DS-PM1-D

BATTERY PACK **DS-PM1-D** TO AX PRO CONTROL PANELS Hikvision

The DS-PM1-D module is an element that allows the AX PRO series alarm control panels to be powered with 8 ... 24 V DC. The built-in voltage stabilizer makes it possible to power the control panel with the use of a battery or most of the generally available switching power supplies.

Attention! The product is a spare part for devices - to use its capabilities, open the control panel housing, remove the factory-installed 230 V AC power module, and then install the DS-PM1-D power module.

Support:	HIKVISION AX PRO
Main features:	<ul style="list-style-type: none"> • Output voltage : 5.5 V DC - stabilized • Very easy and quick assembly
Power supply:	8 V ... 24 V DC
Operation temp:	-10 °C ... 55 °C
Permissible relative humidity:	10 % ... 90 %
Weight:	0.03 kg
Dimensions:	79 x 91 x 19 mm
Manufacturer / Brand:	Hikvision
SAP Code:	302401878
Guarantee:	2 years
