

Code: AD-NL-6137BLR4

LED FLOODLIGHT WITH MOTION SENSOR **AD-NL-6137BLR4** ADVITI

Illuminator can be used indoors and outdoors. Incomparably greater lifetime of the LEDs compared to traditional halogen bulb provides cheap and reliable operation.

The built-in twilight sensor prevents the lamp from being turned on in daylight. The PIR detector allows you to automatically switch on the lighting only in the presence of people, which translates into both increased lifetime of LEDs and minimized electricity consumption.

The use of multiple LEDs provides a better heat dissipation, and the longer lifetime of the reflector and allows for uniform light output.

The device meets the IP44 tightness class.

Luminous flux:	2400 lm
Light color:	Neutral, 4000 K
Twilight switch:	✓
Power supply:	230 V AC
Nominal power:	30 W
CRI:	> 80
Main features:	<ul style="list-style-type: none"> • LED SMD diodes • LED lifetime 25 000 h • Solid workmanship • PIR detector - Built-in, Range : 4 ... 8 m, Detection angle : 120 ° • Sensitivity adjustment of the twilight sensor and PIR • Lighting time adjustment : 10 ... 600 s • IK rating : IK08
Housing:	Aluminum
"Index of Protection":	IP44
Operation temp:	-20 °C ... 40 °C

DATA SHEET

Weight:	0.37 kg
Dimensions:	155 x 170 x 33 mm
Manufacturer / Brand:	ORNO / ADVITI
Guarantee:	2 years
