

Code: AWO-205

## ALARM CONTROL PANEL ENCLOSURE **AWO-205**

|                                             |                                                                                                                                            |
|---------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Transformer:                                | 40 VA                                                                                                                                      |
| Power supply:                               | 230 V AC                                                                                                                                   |
| Place for battery:                          | 7 Ah / 12 V, 17 Ah / 12 V                                                                                                                  |
| Tamper protection:                          | TAMPER switch indicating open the cover                                                                                                    |
| Current-carrying capacity of TAMPER output: | max. 500 mA @ 50 V DC                                                                                                                      |
| "Index of Protection":                      | IP20                                                                                                                                       |
| Application:                                | Alarm control panel : CA-4/PL, CA-5-P, CA-6-P, CA-10-P, VERSA-5, VERSA-10, VERSA-15, INTEGRA-24, INTEGRA-32, GSM, Radio module, and others |
| Power adapter included:                     | ✓                                                                                                                                          |
| Transformer voltage:                        | <ul style="list-style-type: none"> <li>• 16 V AC</li> <li>• 18 V AC</li> </ul>                                                             |
| Current:                                    | <ul style="list-style-type: none"> <li>• 2 A @ 18 V</li> <li>• 2.2 A @ 16 V</li> </ul>                                                     |
| Operation temp:                             | -10 °C ... 40 °C                                                                                                                           |
| Dimensions:                                 | 320 x 300 x 90 mm                                                                                                                          |
| Weight:                                     | 3 kg                                                                                                                                       |
| Manufacturer / Brand:                       | PULSAR                                                                                                                                     |
