

Code: TL-HS110

WI-FI SMART PLUG **TL-HS110** 3680 W TP-LINK

The TL-HS110 Wi-Fi Smart Plug allows to control the devices connected to it using the mobile application. For proper functioning of the device, it is necessary to connect it to the Wi-Fi network with Internet access. Beyond direct control, the device has the ability to program the on and off schedule, and in "Away Mode" it can simulate the presence of household members by turning on and off connected devices at different times. In addition, the TL-HS110 Smart Plug has the function of measuring the power consumed by the devices connected to it and access from a mobile application to energy consumption statistics.

Rated voltage:	230 V / 50 Hz
