

Code: GASKET-KIT

GASKET CASTING KIT **GASKET-KIT** RayTech

The GASKET-KIT kit contains high-quality two-component rubber and mold for casting often used types of gaskets and other small elements. Two-component rubber included in the kit is characterized by high mechanical strength and good dielectric properties. In addition to using the attached mold, it is possible to make a cast in self made molds.

The product can also be used to protect small electronic devices working in difficult conditions against moisture penetration.

The product is non-toxic, safe for people and the environment, and is also characterized by high resistance to UV radiation and the ageing process.

Voltage insulation:	$\geq 23 \text{ kV / mm}$
Package capacity:	2 x 0.18 kg
Main features:	<ul style="list-style-type: none"> • High mechanical durability • Color : Graphite
Operation temp:	-60 °C ... 200 °C
Weight:	0.47 kg (total)
Dimensions:	85 x 50 x 144 mm
Manufacturer / Brand:	RayTech
Guarantee:	2 years
