

Code: KN-CA44A

## SIDE MAGNETIC CONTACT **KN-CA44A**

The magnetic contacts can be used wherever required for controlling the status of doors, windows and/or other movable elements, e.g. for protection or monitoring of access to particular sites, spaces, facilities, in automatic control systems, etc.  
The contact is designed for surface mounting.

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Detection:                     | Opening the door or window                                                                                                                                                                                                                                               |
| Maximum reed switched voltage: | 20 V                                                                                                                                                                                                                                                                     |
| Maximal switched current:      | 20 mA                                                                                                                                                                                                                                                                    |
| Make distance:                 | 18 mm                                                                                                                                                                                                                                                                    |
| Break distance:                | 28 mm                                                                                                                                                                                                                                                                    |
| Main features:                 | <ul style="list-style-type: none"> <li>• Plastic (ABS)</li> <li>• NC output - a magnet close to a reed switch - does not trigger an alarm, the contacts are closed</li> <li>• Connectors : screw terminals</li> <li>• Leads out the cables : On the long edge</li> </ul> |
| Color:                         | White                                                                                                                                                                                                                                                                    |
| Weight:                        | 0.02 kg                                                                                                                                                                                                                                                                  |
| Dimensions:                    | 50.5 x 14.3 x 12.4 mm                                                                                                                                                                                                                                                    |
