

Code: F-CUTTER

A WEAKENING CUTTER IN JUNCTION BOXES **F-CUTTER** SIMET

The F-CUTTER cutter is designed for quick and convenient cutting of holes in glands integrated with junction boxes. This tool makes it possible to make a hole in the gland with a diameter of Ø 7mm or Ø 15mm. The design of the cutter makes its use more convenient and safer than using a knife. In addition, the holes made with the tool have an aesthetic, even edge.
