

Code: UT-300H

TEMPERATURE METER **UT-300H** 32 °C ... 42.9 °C UNI-T

The UT-300H pyrometer allows for accurate, non-contact measurement of the object's temperature.

Attention! The device is not intended for medical use.

Temperature measurement range:	32 °C ... 42.9 °C
Accuracy of temperature measurement:	± 0.3 °C
Measurement resolution:	0.1 °C
Response time:	500 ms
Optimum measuring distance:	5 cm ... 10 cm
Spectral range:	8 μm ... 14 μm
Main features:	<ul style="list-style-type: none"> • Display time of the last measurement: 8s • Sound signal when the reading value is higher than 37.2°C • Automatic sleep mode after 8s idle time • Low battery indicator • Selectable measurement unit: °C / °F • Backlight color : White
Power supply:	9V, type 6F22 battery (included)
Housing:	Plastic
Color:	White + Blue
Operation temp:	15 °C ... 30 °C

DATA SHEET

Permissible relative humidity:	< 85 %
Dimensions:	153 x 108 x 40 mm
Weight:	0.14 kg
Manufacturer / Brand:	UNI-T
Guarantee:	2 years
