

Code: SCOTCH-1633/400

RUST REMOVER SPRAY **SCOTCH-1633/400** 3M

The SCOTCH-1633/400 preparation is a multifunctional rust-removing aerosol in the form of oil with the addition of molybdenum disulphide. This agent removes rust, and protects the material against moisture and re-oxidation. The base component of the preparation is mineral oil, which allows it to be successfully used as a lubricant.

Attention! Due to its toxicity, the preparation should be used in a well-ventilated room and with appropriate personal protective equipment.
