POE ADAPTER **ASDC-12-124-HS** ATTE

The ASDC-12-124-HS PoE adapter lowers the voltage on the DC plug to 12V and simultaneously transfers the PoE power supply to the RJ45 output. Thanks to this, from one PoE line we can simultaneously power the IP camera and additional devices powered by 12V DC.

The device can be powered from the 802.3af or PoE PASSIVE switch.
