

Code: SK-40

CAMERAS STABILIZER **SK-40**

The SK-40 cameras stabilizer is designed to powering the camera with or without a thermostat.

The SK-40 operates with the ZK-40/16 power supply adapter, which is designed to deliver ca. DC 40V voltage, which is then stabilized down to DC 12V voltage in the SK-40 device and enables powering the camera with or without a thermostat.

Presented here power supply solution, compensates the voltage drops on the cable and enables powering the cameras up to several hundred meters distance.

|-----------------------|--|
| Adapter type: | Switching |
| Power voltage: | 20 V ... 40 V DC |
| Output voltage: | 12 V DC |
| Maximal load: | 0.9 A |
| Support: | <ul style="list-style-type: none"> • with ZK-40/16 adapter • with ZK-40/6 adapter |
| Application: | <ul style="list-style-type: none"> • to cameras powering • to cameras with thermostat powering |
| Dimensions: | 118 x 30 x 54 mm |
| Weight: | 0.184 kg |
| Manufacturer / Brand: | DELTA |
| Guarantee: | 3 years |
