WIRELESS DUAL TECHNOLOGY MICROWAVE + PIR DETECTOR AX PRO **DS-PDD12P-EG2-WE** Hikvision

Wireless motion detector, which is designed to detect the moving intruder within the system protected area. With a combination of PIR and MW detection was reached high immunity to false alarms. Thanks to pet immunity, the DS-PDD12P-EG2-WE can provide protection even when small pets are moving around during surveillance.

Lithium battery to power the device ensures many years of work without having to replace it, so the system is as easy to get along in life as traditional wired solutions.
