USB VIDEO CONFERENCE CAMERA **VCS-C4A0** - 1080p DAHUA

The VCS-C4A0 conference camera is a combination of a camera, microphone and a loudspeaker into one device. The VCS-C4A0 camera with a resolution of 1080p and wide view angle is ideal for conducting video conferences in small-to-medium-sized teams. The built-in 360° omni-directional microphone with acoustic echo cancellation and Digital Noise Reduction, wide-band speaker, enable two-way full-duplex communication within 3 meters distance with clear and not harsh sound quality. The camera lens can be manually adjusted up and down, ensuring the optimal viewing angle and focus.

The device is equipped with a USB 2.0 connector and works according to the Plug and Play standard. The VCS-C4A0 device ensures full integration of image and sound with popular communication applications such as Skype, Wechat, Zoom. It is an excellent choice for conference rooms hosting 1 to 10 people.
