

Code: KRK-40P-UV/25M

CORRUGATED PIPE **KRK-40P-UV/25M** 25 m

Corrugated, flexible wiring pipe is designed to isolation and mechanical protection of the electrical, communications and other industrial installations exposed to mechanical damages. The pipe protects the installation against the influence of external factors (mechanical, chemical, atmospheric).

Increased mechanical strength. Possible installation under plaster, in concrete (poured and vibrated) and on the surface (walls, attics, etc.).

Length:	25 m
External diameter:	Ø 40 mm
Inner diameter:	Ø 32 mm
Material:	Self-extinguishing PVC
Mechanical strength:	750 N
Color:	Black
Main features:	<ul style="list-style-type: none"> • Inside the pipe is a pilot for dragging (wire) • the pipe is resistant to mechanical and chemical influences • made from self-extinguishing, thermoplastic, lead compounds free PVC material • Operation temp : -20 °C ... 50 °C • Compliance to EN 61386 standard
Guarantee:	2 years
