

Code: SILICONE-OIL/300

SILICON OIL **SILICONE-OIL/300** SPRAY 300 ml AG TERMOPASTY

The SILICONE-OIL/300 high viscosity silicone oil has very good electrical insulating properties, thanks to which, apart from ensuring proper slip, it effectively protects the lubricated surface against moisture and prevents the occurrence of electric discharges and eddy-current generation. This oil can be used as a lubricant, e.g. when pulling wires, or as a release agent in extrusion, vacuum forming and the production of plastic laminates.

Spray formulation with a straw for easy application in hard-to-reach places.

|-----------------------|---|
| Package: | Spray 300 ml |
| Application: | Lubrication, Pulling wires, Elimination of corona discharges and eddy-currents, Protection against moisture ingress, Extrusion and vacuum forming of plastics |
| Main features: | Spray formulation with a straw for easy application in hard-to-reach places |
| Weight: | 0.28 kg |
| Dimensions: | Ø 53 x 237 mm |
| Manufacturer / Brand: | AG TERMOPASTY |
