

Code: WG-422/L

WORK GLOVES **WG-422/L** Bee-Smart WONDER GRIP

The WG-422/L work gloves are the best gloves for general handling work, setting a new standard for comfort at work.

The Wonder Grip® WG-422/L Bee-Smart™ protective gloves are made on the basis of a new knitting technique from the Bee™ series, inspired by the shape of a honeycomb and developed a new generation of latex, HDML™ coating. The upper part of the gloves is made of an ultra lightweight liner offering both high resistance to torsion and unmatched breathability. Bee™-series knitting technique creates a unique shape on the palm maximizing the coefficient of friction delivered by the coating itself. The low part of the glove benefits from the DualLiner™ technology and its special support on the back of hand ensuring a snug and secure fit. All of this provides high grip for safe handling in dry and wet applications.

Application:	<ul style="list-style-type: none"> • Construction and public works, • Warehousing - packing and logistics, • DIY, • Assembly
Color:	Black + Blue
Material:	Polyester + latex coating (palm coated)
Main features:	<ul style="list-style-type: none"> • Thermal protection : 100 °C (X1XXXX), • Ergonomics and comfort • High grip • Soft coating
Supported norms:	<ul style="list-style-type: none"> • EN 388:2016 - Mechanical protection 3131X • EN 407:2004 - Thermal protection X1XXXX
Size:	9 / L
Manufacturer / Brand:	WONDER GRIP
