PORTABLE SOLAR PANEL **TRAVEL-SOLAR/21W-USB** FOLDABLE VOLT Polska

Solar panels are a clean and ecological source of electricity. The TRAVEL-SOLAR/21W-USB portable solar panel is the perfect solution for travel lovers.

The foldable and lightweight portable design of the panel has been adapted to move it freely. Just connect the devices to the USB ports and place the solar panels in a sunny place. The panel is therefore a great solution for powering and charging devices with a USB interface (smartphones, tablets, consoles, wireless headphones, MP3 players, cameras, power banks) while camping, during long mountain hikes, etc.
