

Code: AKC-X2/18650

CELL HOLDER FOR 2 BATTERIES **AKC-X2/18650**

A holder for 18650 cells solves the problem of connecting them in many electronic projects (eliminates the need to weld into a package or solder cells). The holder has metal contacts and wires with removed insulation at their ends, which ensure a secure connection between the battery and the target device. The connections made in the holder are serial.

Attention! Incorrect connection of cells may cause fire.

Size:	18650
Number of cells:	2
Connectors connection:	serial
Current I:	max. 1 A
Material:	Plastic
Color:	Black
Weight:	0.014 kg
Dimensions:	<ul style="list-style-type: none"> • 76 x 40 x 20 mm • 14 cm - Length of the cables
