

Code: S12R

ELECTRIC STRIKE **S12R** REVERSIBLE Hartte BIRA

The Hartte electric strikes S-series are the most universal in terms of use, equipped with many options and additional features. The latch is adjustable in the range of 4 mm.

They are built symmetrically - fit perfectly to left and right doors of various types. They cooperate properly with all other elements of access control systems and therefore they are often used in residential and multi-apartment buildings, offices and commercial buildings. It operates reversibly - it is open when power is off.
