Code: MPT-300

REMOTE CONTROL **MPT-300** SATEL

Universal remote control key fob for controlling the CA-4/MICRA module. It allows not only to easily arm and disarm the system, but also to call for help (start the panic alarm), or control other devices connected to the CA-4/MICRA module, for instance, the entrance gate. Its additional advantage is the option to individually configure each button, so that its operation can better suit your needs.

Frequency band:	433.05 MHz ... 434.79 MHz
Radio communication range (at open area):	to 100 m
The KEELOQ code-hopping technology:	✔
Battery:	2 x CR2016 3 V
Environmental class EN 50130-5:	II
