

Code: BNC-W/55-HAND

## PLUG **BNC-W/55-HAND**

|                                   |                                                                                                                                                             |
|-----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Connector type:                   | BNC Straight plug                                                                                                                                           |
| Attachment of connector elements: | —                                                                                                                                                           |
| Shield fastening:                 | Twisting-on                                                                                                                                                 |
| Wire mounting:                    | Pressing                                                                                                                                                    |
| Application:                      | Coaxial cable                                                                                                                                               |
| Cable diameter:                   | max. 5.5 mm                                                                                                                                                 |
| Impedance:                        | 75 $\Omega$                                                                                                                                                 |
| Material:                         | Metal                                                                                                                                                       |
| Example of application:           | <ul style="list-style-type: none"> <li>• YAP</li> <li>• K-60</li> <li>• RG59</li> <li>• YWDX</li> </ul>                                                     |
| Main features:                    | <ul style="list-style-type: none"> <li>• Wide frequency range</li> <li>• Corrosion resistance</li> </ul> Very easy and quick installation without any tools |
| Weight:                           | 0.011 kg                                                                                                                                                    |
| Dimensions:                       | $\varnothing$ 14 mm x 36 mm                                                                                                                                 |
| Guarantee:                        | 2 years                                                                                                                                                     |
