

DATA SHEET

Code: HCB-27/940 HUNTING CAMERA HCB-27/940

Very good digital hunting camera, perfect to monitoring animals eg. in the forest, and also to surveillance houses, summer cottages, stores, etc. Built-in InfraRed illuminator enables recording video data also at night. Even with IR illuminator on, the device is completely invisible to the human eye, due to use the IR LEDs with 940 nm wavelength. Due to above the illuminator is completely invisible to the human eye. Camera is triggering by PIR detector and based on its settings can take one image or a few images or records a video sequence.

Minimal power consumption ensures very long and continuous operation time on batteries, even up to 6 months.

Hunting camera is full hermetic and resistant to very different environment conditions.

Warning! The hunting camera supports only SDHC cards and FAT32 file system.

DATA SHEET

Detection angle:	60 °
Battery power supply:	4 / 8 pcs AA (Batteries) DC 6V/12W power adapter (not included)
Stand-by power consumption:	150 µА
Operating power consumption:	< 150 mA (600mA with IR illuminator on)
Operation temp:	-25 °C 60 °C
Permissible relative humidity:	5 90 %
Dimensions:	98 x 134 x 78 mm
Weight:	0.31 kg
Supported languages:	English, Czech, French, German
Guarantee:	2 years
