

Code: A19-TS-35/BL-4U

MOUNTING PLATE **A19-TS-35/BL-4U**

The A19-TS-35/BL-4U mounting metal plate is designed for mounting devices compliant with DIN standard in the rear part of a Rack 19" cabinet. The connection of the rail with the plate ensures mechanical stability of the mounted equipment, plus the possibility of attaching the power and signal cables to the mounting plate.
