|------------------------------|---|
| Support:                     | PARADOX MAGELLAN                              |
| Frequency band:              | 433 MHz                                       |
| Inputs:                      | 1 pcs NO/NC - wire                            |
| Outputs:                     | 1 pcs - Relay : 5 A, 60 V DC / 120 V AC (max) |
| Wireless transmission range: | 75 m (indoor / open area)                     |
| Power supply:                | 16 V AC / 20 VA                               |
| Current consumption:         | 65 mA   |
| Emergency Power Supply:      | Battery : 12 V / 5 Ah                         |
| Operation temp:              | 0 °C ... 50 °C                                |
| Weight:                      | 0.84 kg                                       |
| Dimensions:                  | 140 x 76 mm                                   |
| Country of origin:           | Canada  |
| Manufacturer / Brand:        | PARADOX                                       |
| Guarantee:                   | 2 years                                       |
