User Manual

Code: TL-PB20000

POWERBANK **TL-PB20000** 20000 mAh TP-LINK

Warning!

Please read the user manual included in this work as it contains important information related with safety of installation and use of the device.
Only persons who read the user manual may use the device.
The user manual must be kept because it may be required in the future. The device is to be used exclusively for purposes specified in this user manual.
The device must be unpacked prior to starting-up. After removing the packaging make sure the device is in working order.
If the product has defects, it should not be used until it is repaired.
The product is intended for use at home and commercial use and may not be used for other than intended use.
The manufacturer is not liable for damages resulting from not adhering to the rules contained in the user manual, therefore, we recommend to follow the aforementioned safety rules for operation and maintenance of the device. In this way you will ensure yourself safety and avoid causing damage to the device.
The manufacturer and the supplier are not liable for losses or damages arising out of the product, including financial or intangible losses, loss of profits, income, data, pleasure from use of the product or other products related with it - indirect, incidental or consequential loss or damage. The above provisions apply whether the loss or damage concerns:

Safety measures:
Particular attention at designing was directed to quality standards of the device where ensuring safety of operation is the most important factor.
The device must be secured against contact with caustic, staining and viscous fluids.

Practical powerbank with a capacity of 20 000 mAh with Fast Charge support. The product is equipped with a useful Pass Through Charging function, which allows to simultaneously charge the built-in battery and connected devices.

Rated voltage:	5 V
Battery capacity:	20000 mAh
Number of inputs:	1 pcs - micro USB socket

User Manual

Code: TL-PB20000

POWERBANK **TL-PB20000** 20000 mAh TP-LINK

Number of outputs:	2 pcs - USB socket
Power:	• 5 V / 2.1 A DC - Input • 5 V / 2.1 A DC - Output
Main features:	• Fast Charge - recognition of the connected device and adjustment of the charging current (max 2.1 A) • Pass Through Charging - a function that allows to simultaneously charge the powerbank and devices connected to it • Turbo Recharge - the powerbank can be charged with power supplies that support the Fast Charge function, which allows to significantly reduce the charging time of the built-in batteries • LED diodes indicating the device operation status • Button to display the battery level
Operation temp:	0 °C ... 35 °C
Storage temperature:	-20 °C ... 45 °C
Weight:	0.38 kg
Dimensions:	158 x 66 x 24 mm
Manufacturer / Brand:	TP-LINK
Guarantee:	2 years

The device has very small dimensions:
