

Warning!

Please read the user manual included in this work as it contains important information related with safety of installation and use of the device.

Only persons who read the user manual may use the device.

The user manual must be kept because it may be required in the future. The device is to be used exclusively for purposes specified in this user manual.

The device must be unpacked prior to starting-up. After removing the packaging make sure the device is in working order. If the product has defects, it should not be used until it is repaired.

The product is intended for use at home and commercial use and may not be used for other than intended use.

The manufacturer is not liable for damages resulting from not adhering to the rules contained in the user manual, therefore, we recommend to follow the aforementioned safety rules for operation and maintenance of the device. In this way you will ensure yourself safety and avoid causing damage to the device.

The manufacturer and the supplier are not liable for losses or damages arising out of the product, including financial or intangible losses, loss of profits, income, data, pleasure from use of the product or other products related with it - indirect, incidental or consequential loss or damage. The above provisions apply whether the loss or damage concerns:

1. Deterioration of quality or the lack of operation of the products or products related with it due to damage as well as the lack of access to the product when it is undergoing repair, which results in stoppage the loss of user's time or a break in business activity;
2. Improper results of operation of the product or products related with it;
3. It applies to losses and damages according to any legal category, including negligence and other losses, termination of a contract, expressed or implied guarantee and strict liability (even if the manufacturer or the supplier was notified about the possibility of occurrence of such damages).

Safety measures:

Particular attention at designing was directed to quality standards of the device where ensuring safety of operation is the most important factor.

The device must be secured against contact with caustic, staining and viscous fluids.

The device was designed in such a way that it restarts operation when power supply is restored after a break.

Turn off the device before transporting it.

Prior to connecting the device to a power source check whether the supplied voltage is consistent with rated voltage specified in the user manual.

Attention! We recommend using protections to further protect the device from possible overvoltages in installations.

Surge protectors are effective protection against accidental pass to the device voltages higher than the rated. Damages caused by pass the voltages higher than specified in manual, are not under warranty.

Proper product disposal:

A marking of a crossed out waste bin indicates that the product may not be disposed together with other household waste in the entire EU. To avoid possible damage to the natural environment of health due to uncontrolled waste disposal, therefore, it should be handed over for recycling, propagating in this way sustainable use of natural resources.

To return a worn-out product, use a collection and disposal system of this type of equipment or contact a seller from whom it was purchased. He will then be recycled in an environmentally-friendly way.

It is forbidden to use the device in case its power cord or plug is damaged, the device works incorrectly, was damaged or dropped. A damaged power cord or plug must be replaced with new ones by the manufacturer, personnel of service centre or a person with relevant qualifications in order to avoid the risk of electric shock. We do not recommend repairing the device on one's own for safety reasons.

The device is not intended for operation by persons (including children) with limited physical, sensory or mental capabilities as well as persons inexperienced in operation or not competent to operate of such device, unless the operation is supervised by a person responsible for their safety or in line with instructions for use provided by such person.

It is forbidden to touch the plug with wet hands! Pull the plug, never the cable, to pull out the plug from a socket.

The device is to be used exclusively according to its use described in this manual. Use of accessories not recommended by the manufacturer of the device may cause fire, electric shock or injuries.

Marking of a lightning inside a equilateral triangle signifies presence of dangerous voltage, contained under the cover of the device. It may be dangerous for user's life and health.

The TC-R3840 SPEC:I/B/N/V4.0 digital recorder of the Pro series is a professional device used in IP surveillance systems. The H.265 / H.264 video compression standard using to record video data, allows to get the best possible quality of recorded image at minimal network transfer and disk storage capacity. The menu options layout has been designed for all users, even beginners can easy navigate and change parameters in DVR settings without any problem.

Supported standards:	IP
Series:	Pro
Number of supported channels:	40
Supported resolutions:	max. 16 Mpx
AI powered by recorder:	—
AI powered by cameras:	<ul style="list-style-type: none"> • crossing the line (tripwire) • double crossing the line • abandoned/missing object • detection of loitering in a given area • running • parking detection • heat map • signal loss indication • License plate recognition • detection of persons on duty • crowd detection • Parking monitoring mode • protective helmet detection • electric bicycle detection • people counting • Smoke detection, fire detection • Temperature measurement • advanced face capture features - Support for up to 300 face databases, including 100 000 face images • Face recognition • Smart motion detection (with recognizing people and vehicles)
Mobile phones support:	Port no.: 3000 or access by a cloud (P2P) • Android: EasyLive Plus free application • iOS (iPhone): EasyLive Plus free application

Code: TC-R3840 SPEC:I/B/N/V4.0
NVR **TC-R3840 SPEC:I/B/N/V4.0** 40 CHANNELS TIANDY

Access from PC:	80, 443, 3000, 3001, 3002, 23002 ports • PC: Easy7 Smart Client Express free application • Edge, Google Chrome browser
Supported hard drives:	• 8 x 24 TB SATA + 1 x eSATA • Possibility of operation the disks in RAID JBOD/0/1/5/6/10 array
Video outputs:	• 2 pcs HDMI 4K, • 2 pcs VGA
Bitrate:	640 Mbps (incoming)
Audio inputs / outputs:	1 / 1
Image compression method:	S+265 / H.265 / S+264 / H.264
External storage devices backup:	Backup to USB drive (pendrive, external drive), eSATA
Network interface:	2 x RJ-45 - 1 Gb/s
ONVIF:	✓
Default IP address:	192.168.1.3
Default admin user / password:	admin / - The administrator password should be set at the first start
USB:	• 2 x USB 2.0 • 1 x USB 3.0
Alarm inputs / outputs:	16 / 4
Switch PoE:	—
Power supply:	100 V ... 240 V AC
Power consumption:	< 18 W (without HDD)
Operation temp:	-10 °C ... 55 °C
Weight:	6.25 kg
Dimensions:	440 x 465 x 95 mm
Supported languages:	Polish, English, Albanian, Arabic, Chinese Traditional, Chinese Simplified, French, Spanish, Korean, Dutch, Hebrew, Portuguese, German, Russian, Thai, Turkish, Ukrainian, Vietnamese, Italian
Manufacturer / Brand:	TIANDY
Guarantee:	3 years
Pro:
